

PRESENTATION OF HUM, HUMAN UNITY MOVEMENT

1. Definition

The association HUM (Human Unity Movement) was established to promote human unity, that is; an inclusive decision-making system that consequently avoids and prevents the purpose of (mutual) harm, arms and war, so that we humans seek and cooperate only for the common good.

2. Foundation

Although the idea of human unity goes back to the earliest time of our cultures, both in the East and in the West (Mozi and the Cosmopolitans), the origin of HUM dates back to the 1980s, during the cold war, in which Manuel Herranz, its president, tried to convene a Festival of Humanity of all the universities of the world that would put an end to the madness of nuclear destruction.

As an association, its origin is Bandera Blanca, which was founded in 2005 in Madrid, and whose registration was approved by the Spanish Ministry of the Interior in 2009. In 2016 Bandera Blanca was renamed HUM, Human Unity Movement. And its first activity was the call for a Human Unity Congress in the city of Madrid, which had the support of the Madrid City Council. However, the government change in Madrid and the pandemic diluted the project.

Meanwhile we have changed our strategy, instead of directly calling for the Congress, we concentrate our efforts on its global call and preparations based on our website and the @HumanUnity app, so that the human unity proposal is first exposed and clarified as much as necessary and possible, and this allows everyone to participate in both the preparation and the organization of the Congress.

3. Vision

The condition of peace is universality, that was understood by many wise people in the past, but only in our time that the world is interconnected peace is possible. Still the difficulty we face for achieving it is that the states, which are also armed units, cannot be agents of peace, because the harming purpose of their army needs the other's existence. For this reason, we, HUM's members and volunteers, assume the task of asking all humans to register their will of peace and this will be enough to achieve it because peace cannot be rejected if it is universally questioned, since the purpose of harm and war can only be justified on (the possible bad intention or purpose of harm of) the other.

4. Values

We want to satisfy, serve, and benefit all humans, therefore we can and shall be transparent and report faithfully. This is the proof of our rightness. Openness, transparency and

accountability of our undertakings is universality's practice which allows us to cooperate and live together now and later it will be our natural or spontaneous will to contribute to the community because we adapt to it, humans will be made out of its influence.

5. Mission

We invite everyone in terms of equality and without discrimination, particularly without discrimination of nationality, to support and promote peace, human unity by registering in our site and app, and seek people willing to represent Humanity's interest, to be also volunteers, by spreading the call and helping others to register their peace will.

6. Procedure

Registration on the website www.human-unity.org at the Sign up page or in the app @HumanUnity.

In the case of someone who does not have a mobile phone or computer, she/he can use another person's computer; the latter can log out of their HUM account and allow that person to declare her/himself to register/ sign up, and so on as many times as necessary.

If a person does not have a mobile phone or a computer or even knows how to write, etc., a Friend of Humanity can register her/him in her profile in the app, entering the box at the top right of the My Personal Profile screen and there add the new member. But direct self-registration has priority, and when dealing with rewards it will be seen if this registration way was needed. In the case of two registrations, only the direct registration will count.

7. Aim

The celebration of an open and transparent World Congress of Human Unity in 2025 where inclusive decision-making can be already exercised and set for the common human future. This Congress assumes responsibility for human security and issues the common currency for development and exchange. Preparations and organization of it are open to discussions, as also participants number, profile, city where it will be physically held, etc. as can be seen in the app @HumanUnity, but we have some proposals, for instance, the five areas of work in the Congress: Security, development, education, communication, and technologies.

8. Specific objectives

7.1 Humanity's Festival in Fall 2024

Before the Congress in 2025, we call a Humanity's Festival in Fall 2024 celebrated universally in common through the media and locally in every part of the world according with each one customs and arrangements, all sharing the joy of human peace agreement.

With this Festival, we make sure that in 2024 all the people of the world is aware of the convocation of the Unity Congress in 2025 and, therefore, that everyone can follow, contribute and participate in its preparation and organization.

7.2 Ceasefire

Our mission, as stated above, is to invite everyone in the world to express their desire for peace by registering on our website www.human-unity.org and on our app @HumanUnity, but we distinguish between the virtual and universal world of the internet and the social networks and those places where there is armed conflict, such as DR Congo, Sudan, Ukraine and many

other places, where we want to concentrate our efforts on the ground, because by becoming representatives of human interest we are part of both sides in the conflict and, therefore, we can mediate between them and request them a ceasefire that gives an opportunity to the definitive peace that is human unity. This is our most immediate objective to carry out before the Festival of Humanity in 2024. This will be key and proof of our virtue and will help us to achieve the needed relevance.

To carry out this activity we have two documents: Proposal for Volunteers, one in general terms for the volunteers, and another one for Volunteers on the Field, we will make available in our website.

9. Expected progress timeline:

July

10,000 registrations for peace in DR Congo

August

50,000 registrations for peace in DR Congo

1000 records for peace in the rest of the world, mainly in Africa

September

1 million registrations in Congo. Ceasefire talks in DR Congo

10,000 registrations in the rest of the world.

October

5 million registrations in Congo. Preparation of a Peace party, ceasefire for November

100,000 records in the rest of the world. HUM settlement in Sudan, Libya, Syria, Ukraine...
South America, USA, Europe, India

November

First Festival of Humanity in DR Congo

1 million records worldwide.

December

50 million records worldwide

Formal call, sending communications to the communities, education institution to cooperate with the Humanity's Festival in October 2024

HUM settlement in Asia. Ceasefire talks in Sudan, Libya, Ukraine...

Signed: Manuel Herranz Martin
Human Unity Movement President
